

# Teen

# Llama Cup Cozy

## Teen-To-Go

Gather your supplies. You should have 1 template, 1 paper cup, a rectangle of tan felt, small squares of pink, purple, white, and green felt. 2 black felt pieces sized to 3/4 x 1.5". You will also need scissors, a sharpie, and hot glue.

Place the template pieces onto the felt and trace. Flip the inner ear template over & trace to make a matching left inner ear piece. Use scissors to cut out all the felt pieces.

Using a hot glue gun, begin attaching the small felt pieces. Start by attaching the inner ear pieces.

Arrange the leaves, flower, and flower center. Make sure you like the placement before attaching. If placement is good, hot glue all pieces in place.

Use scissors to cut out all the template pieces.

Fringe the eyelashes by cutting small strips along the length of the black felt. Do not cut all the way to the top of each strip. Stop about 1/4" from the top.

Attach the eyelashes with a small line of glue. Attach the heart shaped nose. Using a sharpie, draw a mouth.

Wrap the cozy around a paper cup so it overlaps comfortably - not too tight and not too loose. Glue the overlapping parts, making sure not to glue it to the cup. Slide the cozy off the bottom of the cup. Your cozy is complete.
